

TIS COMMUNITY

TEACHING & LEARNING ACCOMPLISHMENTS

As the school year draws to a close, we are pleased to share some strong accomplishments across both the Primary and Secondary divisions. Students demonstrated solid academic growth, including gains on MAP and PSAT assessments, participation in over 125 AP exams across seventeen subjects, and strengthened foundation skills through programs such as Jolly Phonics, Mathematics Mastery, and Accelerated Reader. Students were also highly engaged in a wide range of learning experiences and showcases, including concerts, assemblies, Learning Journeys, science and social studies fairs, reading initiatives (including a poetry showcase), and culturally rich events such as Chinese Cultural Week and UN Day. These accomplishments reflect the shared commitment of our students, faculty, and staff to strong academic growth and meaningful learning experiences.

THANK YOU TIS COMMUNITY – SEE YOU IN AUGUST

As we bring the school year to an end, TEDA International School's Leadership Team thanks each of you, our wonderful school community members, for your amazing support and for the contributions made throughout the school year. Sadly, TIS will say goodbye to some of our community members but will also welcome some outstanding new community members for the 2026-2027 school year. We wish you all a safe and enjoyable summer holiday and will look forward to welcoming all our returning families back at the Meet the Teachers event on Friday, August 7. The first day of classes for the 2026-2027 school year is Monday, August 10.

PRIMARY (K-5)

Focus of the month – Adapting to change

After-School Supervision Reminder: Please note that there will be no after-school clubs this week. Students should be picked up promptly at dismissal time. If parents would like their child to remain on campus to play after school, please provide direct supervision at all times. Thank you for your cooperation in helping us ensure the safety of all students.

Transition Activity – June 8: On June 8, students will participate in a Transition Activity designed to help them prepare for the upcoming school year. During this time, students will have the opportunity to visit their next grade level, meet teachers, explore learning environments, and learn more about the routines and expectations for the year ahead. This experience aims to support students in feeling confident, comfortable, and excited about their transition while providing an opportunity to ask questions and become familiar with their new learning community.

End of the School Year: As we come to the end of another successful school year, we celebrate our students' growth, achievements, and memorable experiences. They have shown resilience, curiosity, and a strong commitment to learning. Thank you to our students, parents, and staff for your continued support. We wish all families a safe and restful summer break and look forward to seeing you next year.
